

SUPPORT ABC IN THE FIGHT TO PROTECT PREVAILING WAGE AND MUCH MORE!

Your generous and unrestricted corporate or personal donation will support reform efforts led by fellow ABC members, taxpayers, workers, and legislative leaders committed to fiscal accountability, equal opportunity, and economic prosperity for all. Here are a few member-led priorities:

PROTECT REPEAL OF PREVAILING WAGE

PROTECT ATTACKS AGAINST RTW LAWS

SKILLED TRADES EDUCATION REFORM

OPPORTUNITIES FOR STUDENTS IN THE TRADES

In June of 2018 the Michigan legislature voted to repeal Michigan's Prevailing Wage Act. After decades of being burdened by this special-interest carve out we must ensure Michigan does not bring back this archaic law. We must protect our merit shops and maintain their ability to compete for public construction projects.

Michigan has enjoyed more than half a decade being a right-to-work state and it must remain. Opposition to free enterprise intend to erase this freedom. We must do all we can to protect hard-working individuals and help them remain empowered to make their own decisions regarding union affiliation.

ABC is supporting legislation that would provide more flexibility in the Michigan Merit Curriculum, allowing students alternative paths to obtaining credits. Also, ABC is promoting alternative certification for specialized classes, giving students the opportunity to be taught by experienced, responsible professionals.

In Michigan, and nationwide, there is a shortage of skilled trades workers. Together, with legislators, the governor, and state departments we can create programs and plans to help schools provide better opportunities to learn about a future in skilled trades, and get started on their education at a younger age.
